

***Recession Busters***  
***Creating a Godly Inheritance***

I Chronicles 28:8,9b

There is a delicate balance between who we are and who our Heavenly Father has designed us to be. Sometimes we think we can't be who God wants us to be because we're stuck here.

King David, who was the greatest king that Israel had ever known, started out his career as a lowly shepherd. The shepherds of Israel, 3,000 years ago, were considered the lowest cast of people and had to remain out of the populace and be a community unto themselves. This is who David was, yet God exalted him above all others because he had one distinct trait that set him apart. I Samuel 13:14 and Acts 13:22 tells us that David was a man after God's own heart.

Romans tells us that God does not show favoritism with people.

We can be people after God's own heart. Today we want to discover the process of "Creating a Godly Inheritance"
