

## *Releasing the Power Within You*

*Job 42:2; Micah 3:8a; Job 42:12a*

In my household growing up our family consisted a father, a mother, one son, and three daughters. We lived in the city, in San Jose, California and went to public schools. Dad worked, mom stayed at home, we went to church on Sundays and ate out once a week. To the outsider we were just like the neighbors, but rising out of these four kids came three who became entrepreneurs that started 12 businesses and who employ between 50-100 people at any one time. What is it that caused this to happen? It resulted because of DNA. My parents were entrepreneurs, my grandparents were entrepreneurs and we could do nothing less.

Inside of every follower of Christ here today is all that is needed to have a life of great success. Why? You have the DNA of God in you. You are created in His image (Genesis 1:27). You are infused with His faith (Romans 12:3). You are filled with the power of the Holy Spirit (Acts 1:8).  
You have the DNA of God.
