

**Living in the Promised Land  
in Spite of the Drought**  
Genesis 26:1-6, 12, 13; Matthew 7:24-25

I have heard from many people during the last two years about how they are just not good with finances. You might be one of those people who can't figure out what to do in the midst of trouble. If you are born-again, Holy Spirit filled, child of Almighty God who has a Bible to read, then you have the wisdom you need to succeed and not just to survive the enemy's storm that is raging around you.

God has perfectly positioned you in this time of famine, shortfall, bad debts, foreclosures, and dreams gone up in smoke in the stock market, to bring blessings into the lives of people around you.

In the middle of drought you can live in the *Promised Land*. You have all the wisdom you need, not just to survive the enemy's storm that's been raging around you, but to prosper in the midst of it.
